Call costs additional. Cost may vary depending on the plan and number of products chosen. Offer available to Residential and Small Business Optus Broadband customers (DSL and Cable) and Optus Wireless Connect (OWC) customers, who connect to or have an existing Optus Broadband or OWC service and purchase a notebook from Optus over a 24 month equipment payment plan. In some cases, the selected model may not be available. In this event Optus will endeavour to provide a comparable or superior model. Application subject to an Optus credit assessment and acceptance. Limit of 1 notebook per Broadband service for the duration of the payment plan period. **Equipment payment plan:** Monthly payments will be applied as equal monthly instalments on your Optus Broadband or OWC monthly invoice. The notebook can be paid out at any time by contacting Optus and requesting the finalisation of the notebook payment plan. The remaining balance will appear as one lump sum amount on your next monthly invoice. The equipment payment plan period will be limited to a maximum of 24 months and cannot be extended nor can the monthly payment amount be reduced. **Relocation of Optus Service:** Customers relocating their service to the Optus Cable Network will be required to reduce the outstanding payment plan period to a maximum of 12 months, where the remaining payment plan period is greater than 12 months. The remaining balance will be equally divided over a new 12 month payment plan period where applicable. In some cases the payment plan amount will be higher. Customers can also elect to pay out the remaining balance of the notebook on their next account. Where the remaining payment plan period is less than 12 months, the remaining payment plan period will be unchanged. **Warranty:** The Compaq V series notebooks are covered under a standard 12 month return to base manufacturer's warranty as well as statutory warranties. Included in this offer is a courier pick up & return warranty upgrade on all notebook models (according to HP support specifications) and on the Compaq V3020AU and Compaq V6002, a warranty upgrade to 24 months cover. The HP nx series notebooks are covered under a standard 12 month return to base manufacturer's warranty (according to HP support specifications) as well as statutory warranties. Included in this offer is 36 months onsite warranty. **General:** Early termination fees apply if you cancel your Broadband or OWC service or your notebook equipment payment plan. For full details, see [www.optus.com.au](http://www.optus.com.au).

## STEP 2 – Choose your Broadband connection

Now you've chosen your notebook, getting the right broadband connection is easy. All you have to do is think about what you like to do online, then choose the Optus Broadband connection that best suits your needs.

**For more information and details of Optus Plans, grab a copy of the Optus Broadband and Wireless Connect brochures.**

### Optus Broadband

With Optus Broadband you will have high speed internet connection that is 'always on', 24x7.

You get instant access without interruption to your phone calls, which means you will always have a hassle-free online experience.

OR

### Optus Wireless Connect

If you're always on the move and need to stay connected to the internet then this is for you.

Optus Wireless Connect allows you to use the full potential of your notebook while on the move.

So whether you're at a client's office, aboard a train, or in a hotel room overseas, you can now work in transit the easy way.

<sup>^</sup>Refer to back page for full terms and conditions. <sup>\*</sup>Approximate weekly price only. Notebook billed monthly.
